Tropical Angel

In TROPICAL ANGEL, you are the person who leads a beautiful lady known as TROPICAL ANGEL to achieve her goal of obtaining the highest grade in water ski,
A MASTER OF WATER SKI.

To obtain A MASTER OF WATER SKI, you and your ANGEL must undergo six examinations in total in the time allotted.

Test for the B-Class

Immediately after pushing 1-Player or 2-Player Start Button, the PRIMARY TEST begins. Push the SPEED button to let your ANGEL go. Control her movement and speed by the 2WAY JOYSTICK and the SPEED button while avoiding colliding with ROCKS and BUOYs. Push the REVERSE button so that she can show off her ultra C technique in a reverse water ski. More points for this skill but at the same time she is in danger of falling at any second.

Next comes the SECONDARY TEST which is more difficult to pass. If you pass it, the BONUS GAME awaits you for Special Points.

Test for the A-Class

With more ROCKS and BUOYs, the test courses become more complicated and harder to go through. Besides, there is another thing to watch out for, A SHARK! It's really dangerous. Colliding with it causes the game over. Keep away from it.

Test for the Master Class

You are given much less time to complete the courses with more interruptive obstacles.

Show your masterful skill. The goal is just ahead! Remember, time is against you!

For your information, there are six OAN BUOYs (CHECK-POINTS) in each course you have to pass.

SCORING:

• REGULAR POINTS

Based on how far your ANGEL can go in each test

• ADDITIONAL POINTS

Based on how many seconds left upon completion of each test: 1 second is worth 100 points

• 1000 POINTS

Every time passing between two BUOYs (not Oan Buoy)

• JUMP

Based on how high and how far your ANGEL can jump

• REVERSE WATER-SKI

Based on how fast and how long she can go backward

• SPECIAL POINTS

Points earned in Bonus Game
